Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Develop a shared understanding of 'data literacy' and support teaching staff to use data to inform targeted teaching (Sharratt & Fullan 2012)
- Better prepare and support teacher aides to extend student learning in Literacy from Prep to Year 6. (Fisher, Frey & Hattie 2016)
- Increase the use of Technology in the teaching and learning of Literacy. (CSS AIP, 2018)
- Provide professional development for teachers and school leaders to increase capability to initiate and implement innovative practices
- A Community Playgroup to support parents in the development of pre-school oral language, early literacy and social and emotional readiness for early educational settings (Advancing Education, DETE, 2016).
